

FFFF

# RECYCLING PROGRAM

The Fourth Friday from 4:00pm to 5:00pm (FFFF) there will be community recycling drop off in the Meyersdale Elementary Parking Lot.

## Accepted Recyclables

- Corrugated Cardboard: Please flatten!
- Cereal-Box Cardboard: Can be combined with corrugated cardboard.
- Styrofoam: Must snap when bent.
- Plastic Containers: Squash containers (with or without caps). Must display a triangle with number 1, 2, 3, 4, 5, 6, or 7. All numbers can now be co-mingled.
- Soft Sheet Plastic: Crumple easily, such as grocery bags.
- Aluminum Cans/Scrap Metal: Squash if possible. Use a magnet. If it does not stick, it is not aluminum.
- Tin Cans: No need to remove labels, but squash them!
- Paper: Place in small bags (heavy items), separate newspaper, junk mail, and magazines.
- Glass: Only food or beverage containers. Place in a box or crate, not bags!

## Repurpose Items

- Bubble Wrap & Shipping Materials: Reuse for future shipments.
- Egg Crates: Keep them intact (please don't break or tear them apart).
- Shredded Paper: Place in tied bags (this is the only exception for tied bags).

## Important!

All items must be clean and not mixed with different types of materials.

All proceeds from metal sales go to charities selected by the League for Human Decency.

 DO NOT TIE BAGS IN KNOTS!

Tying bags in knots causes delays and makes sorting difficult.

For questions and concerns, please call Virginia Malcom: (814) 289-1796
